

## IHT18-N8APC55-N2T

Mind O≠0, I≠I≠1, S≠5, B≠8.

|                             |                               |
|-----------------------------|-------------------------------|
| Housing dimension           | M18×1                         |
| Mounting                    | non-flush                     |
| Sensing distance $S_n$      | 8 mm                          |
| Operating voltage           | 10...30 V <sub>DC</sub>       |
| Reverse polarity protection | built-in                      |
| Current consumption         | <8 mA                         |
| Current load capability     | 150 mA                        |
| Output function             | normally closed               |
| Output polarity             | PNP                           |
| Short circuit protection    | built-in, self-resetting      |
| Voltage drop                | <2V @ 150 mA                  |
| Switching frequency         | 500 Hz                        |
| Reduction factors           | Alu 0.45 · Brs 0.50 · VA 0.85 |
| Operating temperature       | -20...+120 °C · -3...+249 °F  |
| Protection class            | IP67                          |
| Sensing face material       | PTFE                          |
| Housing material            | SS 1.4301                     |
| Connection                  | PTFE                          |
| Mounting clearance z        | 24 mm                         |
| Mounting clearance x        | 20 mm                         |
| Complies with               | CE, RoHS                      |

**Warranty** Our products are manufactured to stringent ISO 9001 European standards to ensure that our customers only receive the best quality.

## Inductive Proximity Switch 3-Wire DC High Temperature Resistant Sensing range: *Standard*

Maximum temperature: 120 °C · 249 °F

Wiring diagram

Clearance for parallel mounting

Caution! This device shall not be used if the safety of persons rely on its faultless function.
