6ED1055-1NB10-0BA2

## **Data sheet**

LOGO! DM16 24R expansion module, PS/I/O: 24 V DC/24 V DC/relay, 8 DI/8 DO, 4 MW for LOGO! 8

| Installation type/mounting   |   |
|--|---|
| Mounting   | on 35 mm DIN rail, 4 spacing units wide |
| Supply voltage   |   |
| Rated value (DC)   |   |
| • 24 V DC  | Yes                                     |
| permissible range, lower limit (DC)                                    | 20.4 V                                  |
| permissible range, upper limit (DC)                                    | 28.8 V                                  |
| Rated value (AC)   |   |
| • 24 V AC  | No                                      |
| Digital inputs   |   |
| Number of digital inputs   | 8                                       |
| Input voltage  |   |
| <ul> <li>Type of input voltage</li> </ul>                              | DC                                      |
| • for signal "0"   | < 5 V DC                                |
| ● for signal "1"   | > 12 V DC                               |
| Input current  |   |
| <ul><li>for signal "0", max. (permissible quiescent current)</li></ul> | 0.85 mA                                 |
| for signal "1", typ.   | 2 mA                                    |
| Input delay (for rated value of input voltage)                         |   |
| for standard inputs  |   |
| — at "0" to "1", max.  | 1.5 ms                                  |
| — at "1" to "0", max.  | 1.5 ms                                  |
| Digital outputs  |   |
| Number of digital outputs  | 8; Relays                               |
| Short-circuit protection   | No                                      |
| Controlling a digital input  | Yes                                     |
| Switching capacity of the outputs                                      |   |
| ● on lamp load, max.   | 1 000 W                                 |
| Output current   |   |
| ● for signal "1" rated value   | 5 A                                     |
| for signal "1" minimum load current                                    | 100 mA                                  |
| Parallel switching of two outputs                                      |   |
| • for uprating   | No                                      |
| Switching frequency  |   |
| <ul><li>with resistive load, max.</li></ul>                            | 2 Hz                                    |
| <ul> <li>with inductive load, max.</li> </ul>                          | 0.5 Hz                                  |
| mechanical, max.   | 10 Hz                                   |
| Relay outputs  |   |
| Switching capacity of contacts   |   |
| — with inductive load, max.  | 3 A                                     |

| — with resistive load, max.  | 5 A                           |
|--|-------------------------------|
| EMC  |                               |
| Emission of radio interference acc. to EN 55 011   |                               |
| Limit class B, for use in residential areas  | Yes                           |
| Degree and class of protection   |                               |
| IP degree of protection  | IP20                          |
| Standards, approvals, certificates   |                               |
| CE mark  | Yes                           |
| CSA approval   | Yes                           |
| UL approval  | Yes                           |
| FM approval  | Yes                           |
| developed in accordance with IEC 61131   | Yes                           |
| according to VDE 0631  | Yes                           |
| Marine approval  | Yes                           |
| Ecological footprint   |                               |
| environmental product declaration  | Yes                           |
| Global warming potential   |                               |
| <ul><li>— global warming potential, (total) [CO2 eq]</li></ul>                           | 59.1 kg                       |
| <ul> <li>— global warming potential, (during production) [CO2 eq]</li> </ul>             | 5.82 kg                       |
| <ul><li>— global warming potential, (during operation) [CO2 eq]</li></ul>                | 53.6 kg                       |
| <ul><li>— global warming potential, (after end of life cycle)</li><li>[CO2 eq]</li></ul> | -0.373 kg                     |
| Ambient conditions   |                               |
| Ambient temperature during operation   |                               |
| • min.   | 0 °C; ES03 and higher: -20 °C |
| • max.   | 55 °C                         |
| Dimensions   |                               |
| Width  | 71.5 mm                       |
| Height   | 90 mm                         |
| Depth  | 58 mm                         |
