Diffuse mode sensor

CE

Model Number

ML300-8-1200-IR/25/82d/95/103

Diffuse mode sensor

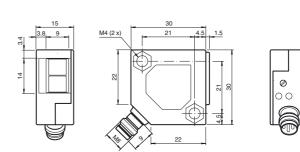

with M8, 4-pin metal connector

Features

- Miniature design ٠
- Easy to use ٠
- Infrared light •
- High operating range •
- 45° connector ٠

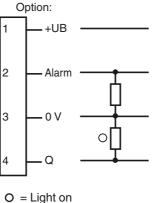

Product information

The ML300 series has a robust miniature housing and all the standard functional principles. Of particular note are the sensors with analog output, which return a value proportional to the distance. The 45° plug/cable connection ensures flexible mounting. An LED indicates a weak signal, e.g. due to dirt.
