

CE **OIO**-Link

Model Number

OBD1400-R200-EP-IO-V3

Diffuse mode sensor with 3-pin, M8 x 1 connector

Features

- Medium design with versatile ٠ mounting options
- Extended temperature range ٠ -40°C ... 60°C
- High degree of protection IP69K .
- IO-link interface for service and • process data

Product information

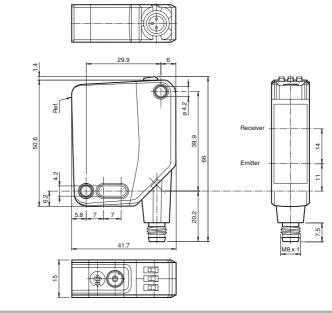

The optical sensors in the series are the first devices to offer an end-to-end solution in a medium-sized standard design-from the thru-beam sensor through to the measuring distance sensor. As a result of this design, the sensors are able to perform practically all standard automation tasks.

The entire series enables sensors to communicate via IO-Link.

The DuraBeam laser sensors are durable and can be used in the same way as a standard sensor.

Multi Pixel Technology (MPT) ensures that the standard sensors are flexible and

can be adapted to the application environment.

Electrical connection

Dimensions

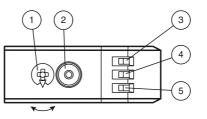

Pinout

(brown (blue) (black) BN BU BK

Wire colors in accordance with EN 60947-5-2

Indicators/operating means

1	Sensitivity adjustment		
2	Light-on / dark-on changeover switch		
3	Operating indicator / dark on	GN	
4	Signal indicator	YE	
5	Operating indicator / light on

Protection class		III		
Interface				
Interface type		IO-Link (via C/Q = pin 4)		
Device profile		Identification and diagnosis Smart Sensor type 2.4		
Transfer rate		COM 2 (38.4 kBaud)		
IO-Link Revision		1.1		
Min. cycle time		2.3 ms		
Process data witdh		Process data input 1 Bit Process data output 2 Bit		
SIO mode support		yes		
Device ID		0x111101 (1118465)		
Compatible master port type		A		
Output				
Switching type		The switching type of the sensor is adjustable. The default setting is: C/Q - Pin4: NPN normally open / light-on, PNP normally closed / dark-on, IO-Link		
Signal output		1 push-pull (4 in 1) output, short-circuit protected, reverse polarity protected, overvoltage protected		
Switching voltage		max. 30 V DC		
Switching current		max. 100 mA , resistive load		
Usage category	11	DC-12 and DC-13		
Voltage drop Switching frequency	U _d f	≤ 1.5 V DC 1000 Hz		
Response time		0.5 ms		
Conformity				
Communication interface		IEC 61131-9		
Product standard		EN 60947-5-2		
Ambient conditions				
Ambient temperature		-40 60 °C (-40 140 °F)		
Storage temperature		-40 70 °C (-40 158 °F)		
Mechanical specifications				
Housing width		15 mm		
Housing height		50.6 mm		
Housing depth		41.7 mm		
Degree of protection		IP67 / IP69 / IP69K		
Connection		Connector plug, M8 x 1, 3 pin, rotatable by 90°		
Material				
Housing		PC (Polycarbonate)		
Optical face		PMMA		
Mass		approx. 35 g		
Approvals and certificates

Curves/Diagrams

Functions and Operation

To unlock the adjustment functions turn the sensing range /sensitivity adjuster for more than 180 degrees.

Sensing Range / Sensitivity

Turn sensing range / sensitivity adjuster clockwise to increase sensing range / sensitivity.

Turn sensing range / sensitivity adjuster counter clockwise to decrease sensing range / sensitivity.

If the end of the adjustment range is reached, the signal indicator starts flashing with 8 Hz.

Light-on / Dark-on Configuration

Press the light-on / dark-on changeover switch for more than 1 second (less than 4 seconds). The light-on / dark-on mode changes and the operating indicators are activated accordingly.

If you press the light-on / dark-on changeover switch for more than 4 seconds, the light-on /dark-on mode changes back to the original setting. On release of the light-on / dark-on changeover switch the current state is activated.

Restore Factory Settings

Press the light-on / dark-on changeover switch for more than 10 seconds (less than 30 seconds) until all LEDs turn off. On release of the light-on / dark-on changeover switch the signal indicator turns on. After 5 seconds the sensor resumes operation with factory default settings.

After 5 minutes of inactivity the sensing range / sensitivity adjustment is locked. In order to reactivate the sensing range / sensitivity adjustment, turn the sensing range / sensitivity adjuster for more than 180 degrees.
