# Retroreflective sensor with polarization filter and IO-Link

**Dimensions** 

VISC‡ @ 10-Link CE

#### **Model Number**

### MLV41-55-IO/98/103

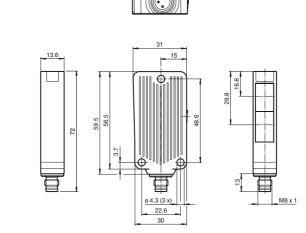

Retroreflective sensor with 3-pin, M8 x 1 connector

#### **Features**

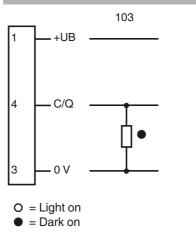

- Rugged series in corrosion-resistant • metal housing
- IO-link interface for service and process data
- Extremely high switching frequency .
- Clear and functional display concept • for the operating modes
- Resistant against noise: reliable operation under all conditions
- Aluminum housing with high quality ٠ **Delta-Seal coated**

## **Product information**

The unique and extremely popular design of the MLV41 series enables it be mounted correctly in confined areas and offers all the functions that are normally only found on larger phototelectric sensors. The MLV41 series comes with a range of functions. For example, highly visible status LEDs on the front and back, resistance to ambient light, protection and universally crosstalk applicable output stages that permit every possible switching logic and polarity to be realized. The enhanced resistance to ambient light ensures reliable operation even where modern energy-saving lamps with electronic ballasts are in use. The same applies where multiple devices are present, i.e. the use of a number of sensors in the same vicinity causes no problems.

## **Electrical connection**

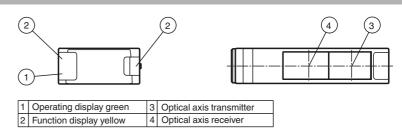

Pinout

## BN BU BK (brown) (blue) (black)

lance with EN 60947-5-2

## Indicators/operating means

# **Curves/Diagrams**

### **IO link function**

The IO link operating mode is indicated by the green LED indicator with a short interruption (f = 1 Hz). IO link communication simultaneously provides process data (measurement data from the sensor) and access to requirement data.

The requirement data contains the following information:

# Identification:

- Manufacturer information
- Product ID
- · User-specific ID

### **Device parameters:**

- ٠ Teach-in parameters
- ٠ Operating parameters
- Configuration parameters ٠
- Device commands

### **Diagnostic messages and warnings**
